Beware of vinophile fragrance bombs! Most of the time the nose promises much more than the wine can ever keep on the palate; or they seem perfumed and therefore obtrusive. But this Zweigelt - what a revelation! An explosion of scents ranging from black berries and dark heart cherries to delicate dark chocolate finds its counterpart on the palate in juicy fruit, appealing freshness, stunning charm and imposing structure. An ideal companion to duck terrine or calf's liver pâté, but also fish or chicken! And served at the right temperature this Zweigelt gives great drinking pleasure even on hot summer days
